

How Healthy Are You?

FOLLOW THESE SIMPLE STEPS TO LEARN YOUR HEALTH RISKS:

Take this card to the Laboratory Corporation of America most convenient to you. LabCorp will draw blood to complete the lab tests necessary for you to accurately answer the WorldDoc Health Risk Assessment.

After receiving the results from LabCorp, logon to the Members Area at www.bactpa.com/quantum and choose WorldDoc from the left hand menu bar. Then choose Health Risk Assessment and complete the questions, adding the values from your lab tests.

Print a copy of your completed WorldDoc Health Risk Assessment and take it with you to review with your family physician. Please note: these results are not intended to diagnose or treat a health condition without physician consultation.

To find the LabCorp nearest you, visit their website at: <http://www.labcorp.com/psc/>
